

Semi-Custom Quarter Order Information

Thanks for ordering a Quarter from Trail's End Beef. The butchering season begins in July and runs through October. Our Quarters are semi-custom. This means that you get to choose from two options for how your beef is cut. We offer mixed Quarters. Your Quarter comes from a Side of beef divided into two equal parts.

Read over options #1 and #2 below and then submit your order. Remember that the weights and amounts listed are *approximate* and will vary according to the weight and size of the specific animal that your Quarter comes from. The numbers in these lists are based on an average 185lb wet hanging weight. Our Quarters range from 150lb to over 240lb. Beef yield is approximately 60% of the wet hanging weight. Shrinkage occurs from dry aging and trimming the beef. Thus, a 185lb wet hanging weight Quarter will provide approximately 110lbs of beef-- cut, labelled, brown-wrapped, and frozen.

If you have a preference for more or less beef, please let us know and we will do our best to accommodate a larger or smaller Quarter.

Fill out the Order Form. Send in your deposit.

A \$200 deposit holds your order. Cheques are payable to **Trail's End Beef**, Box 1444 Nanton, Alberta T0L 1R0. Or through e-transfer to tylerandrachel@trailsendbeef.com. You will be sent confirmation when your order and deposit are received. Please **make note of the processing and delivery date provided** at that time.

Decide if you want offal meats and soup bones with your order. Please note that there is a small *additional charge* for each item. They are NOT included in the wet hanging weight.

The Beef price is \$5.95/lb, based on wet carcass weight (ranging from 150-240lbs). Remember, the packaged weight will be approximately 60% of the wet hanging weight. **Ranch processing fees** are \$20 per Quarter. This covers the additional administration work of a Quarter, compared to a Side. An average 185lb Quarter will be roughly \$1300 in total (including beef, butchering, and delivery).

Butchering fees are \$1.22/lb wet hanging weight. Butchering fees will come on your invoice, payable through Trail's End. This means **you only make one payment. Balance** is due when we receive the wet carcass weight from the butcher. Your invoice will come via email on or just after your scheduled processing date.

Delivery on a specific date to a central pick-up location in Calgary is included in your order. Or come and visit the ranch on delivery day. Alternately, you may pick up your beef at Prairie Meats in Coaldale. **Take note of this date when your order/deposit is confirmed.**
